EUH210 Safety data sheet available on request.

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

1

3.2 Mixtures

Chemical nature

Mineral oil. solid lubricant lithium soap

Components

SECTION 4: First aid measures

4.1 Description of first aid measures

| If inhaled | Obtain medical attention. Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. If breathing is irregular or stopped, administer artificial respira- tion. |
|-------------------------|--|
| In case of skin contact | Take off all contaminated clothing immediately. Get medical attention immediately if irritation develops and persists. Wash clothing before reuse. Thoroughly clean shoes before reuse. Wash off immediately with plenty of water. |
| In case of eye contact | Rinse immediately with plenty of water, also under the eyelids, for at least 10 minutes. If eye irritation persists, consult a specialist. |

according to Regulation (EC) No. 1907/2006 - PL (Commission Regulation (EU) 2020/878)

OKS 400

| Version 2.0 | Revision Date: 10.02.2023 | Date of last issue: 25.02.2022 Date of first issue: 04.07.2016 | Print Date: 10.02.2023 |
|----------------|---------------------------|--|------------------------|
| If swa | allowed | : Move the victim to fresh air. If unconscious, place in recover advice. Keep respiratory tract clear. Do not induce vomiting without to Obtain medical attention. Never give anything by mouth to | medical advice. |
| 4.2 Most | important symptom | s and effects, both acute and delayed | |
| Symp | otoms | : No information available. | |
| Risks | 3 | : None known. | |
| 4.3 Indica | tion of any immedia | te medical attention and special treat | ment needed |
| Treat | ment | No information available. | |

SECTION 5: Firefighting measures

5.1 Extinguishing media

| •••• =·····g•·····g | | | | | | |
|---|---|---|--|--|--|--|
| Suitable extinguishing media | : | Use water spray, alcohol-resistant foam, dry chemical or car- bon dioxide. | | | | |
| Unsuitable extinguishing media | : | High volume water jet | | | | |
| 5.2 Special hazards arising from the substance or mixture | | | | | | |
| Hazardous combustion prod- ucts | : | Carbon oxides Sulphur oxides Metal oxides | | | | |
| 5.3 Advice for firefighters | | | | | | |
| Special protective equipment for firefighters | : | In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. Exposure to decomposi- tion products may be a hazard to health. | | | | |

Further information : Standard procedure for chemical fires.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

| Personal precautions | : | Evacuate personnel to safe areas. |
|----------------------|---|---|
| | | Use the indicated respiratory protection if the occupational exposure limit is exceeded and/or in case of product release |

according to Regulation (EC) No. 1907/2006 - PL (Commission Regulation (EU) 2020/878)

OKS 400

|----------------|---------------------------|--|------------------------|
| | | (dust). Do not breathe vapours, aerosols. Refer to protective measures listed in sec | ctions 7 and 8. |
| 6.2 Enviro | onmental precautions | | |
| Enviro | onmental precautions | Try to prevent the material from entering courses. Local authorities should be advised if sign cannot be contained. | |
| 6.3 Metho | ds and material for c | ainment and cleaning up | |
| Metho | ods for cleaning up | Clean up promptly by sweeping or vacuu Keep in suitable, closed containers for dis | |
| 6.4 Refere | ence to other section | | |
| For person | al protection see sect | 3. | |

7.1 Precautions for safe handling

| Advice on safe handling : | Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the ap- plication area. Wash hands and face before breaks and immediately after handling the product. Do not get in eyes or mouth or on skin. Do not get on skin or clothing. Do not get on skin or clothing. Do not repack. These safety instructions also apply to empty packaging which may still contain product residues. Keep container closed when not in use. |
|---|---|
| Hygiene measures : | Wash face, hands and any exposed skin thoroughly after handling. |
| 7.2 Conditions for safe storage, inc | luding any incompatibilities |
| Requirements for storage : areas and containers | Store in original container. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store in accordance with the particular national regulations. Keep in properly labelled containers. |

7.3 Specific end use(s)

Specific use(s)

: Specific instructions for handling, not required.

according to Regulation (EC) No. 1907/2006 - PL (Commission Regulation (EU) 2020/878)

8.2 Exposure controls

Engineering measures

Handle only in a place equipped with local exhaust (or other appropriate exhaust).

| Personal protective equipment Eye protection | | Safety glasses with side-shields |
|---|---|---|
| Break through time | : | Nitrile rubber > 10 min Class 1 |
| Remarks | : | Wear protective gloves. The break through time depends amongst other things on the material, the thickness and the type of glove and therefore has to be measured for each case. The selected protective gloves have to satisfy the specifica- tions of Regulation (EU) 2016/425 and the standard EN 374 derived from it. |
| Skin and body protection | : | Choose body protection in relation to its type, to the concen- tration and amount of dangerous substances, and to the spe- cific work-place. |

12.7 Other adverse effects

| Product: | | |
|--|---|---|
| Additional ecological infor- mation | : | No information on ecology is available. |

SECTION 13: Disposal considerations

| 13.1 Waste treatment methods | | |
|------------------------------|---|--|
| Product | : | The product should not be allowed to enter drains, water courses or the soil. Do not dispose of with domestic refuse. Dispose of as hazardous waste in compliance with local and national regulations. |
| | | Waste codes should be assigned by the user based on the application for which the product was used. |
| Contaminated packaging | : | Packaging that is not properly emptied must be disposed of as the unused product. Dispose of waste product or used containers according to local regulations. |
| | | The following Waste Codes are only suggestions: |
| Waste Code | : | used product, unused product 12 01 12*, spent waxes and fats |
| | | uncleaned packagings 15 01 10*, packaging containing residues of or contaminated by hazardous substances |

Further information

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
