SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier Product name	:	OKS 410
Use of the	ie s :	substance or mixture and uses advised against Grease
Substance/Mixture Recommended restrictions on use	:	Restricted to professional users.
1.3 Details of the supplier of the		-
Company	:	OKS Spezialschmierstoffe GmbH Ganghoferstr. 47 D-82216 Maisach-Gernlinden Tel.: +49 8142 3051 500 Fax.: +49 8142 3051 599 info@oks-germany.com
E-mail address of person responsible for the SDS	:	mcm@oks-germany.com Material Compliance Management
National contact	:	EagleBurgmann Hungaria Kft. Népfürdő utca 22 1138 Budapest Hungary Tel.: +36 1 814 8160 Fax: +36 1 319 8125 info.hu@eagleburgmann.com

1.4 Emergency telephone number

Emergency telephone	: 0049 (0) 8142-3051-517
number	Egészségügyi Toxikológiai Tájékoztató Szolgálat (ETTSZ)
	H-1096 Budapest, Nagyvárad tér 2.
	Tel: +36 1 476 6464, +36 80 201 199

Version	Revision Date:	Date of last issue: 09.02.2023	Print Date:
3.1	17.07.2023	Date of first issue: 11.06.2016	17.07.2023

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Eye irritation, Category 2	H319: Causes serious eye irritation.
Long-term (chronic) aquatic hazard, Category 3	H412: Harmful to aquatic life with long lasting effects.

2.2 Label elements

Labelling (REGULATION (EC Hazard pictograms	C) No 1272/2008)	
Signal word	Warning	
Hazard statements	H319 H412	Causes serious eye irritation. Harmful to aquatic life with long lasting effects.
Precautionary statements	Prevention: P264 P273 P280	Wash skin thoroughly after handling. Avoid release to the environment. Wear eye protection/ face protection.
	Response: P305 + P351 + F P337 + P313	 P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention.

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SECTION 4: First aid measures

4.1 Description of first aid measures

If inhaled	 Obtain medical attention. Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. If breathing is irregular or stopped, administer artificial respiration.
In case of skin contact	 Take off all contaminated clothing immediately. Get medical attention immediately if irritation develops and persists. Wash clothing before reuse. Thoroughly clean shoes before reuse. Wash off immediately with plenty of water.
In case of eye contact	: Rinse immediately with plenty of water, also under the eyelids, for at least 10 minutes.

/ersion 3.1		Date of last issue: 09.02.2023 Date of first issue: 11.06.2016	Print Date: 17.07.2023
		Seek medical advice.	
lf swa	allowed	 Move the victim to fresh air. If unconscious, place in recovery advice. Keep respiratory tract clear. Do not induce vomiting without m Obtain medical attention. Never give anything by mouth to 	nedical advice.
	mportant symptoms ar	nd effects, both acute and delayed : No information available.	
Risks		: None known.

3.1	17.07.2023	Date of first issue: 11.06.2016	17.07.2023

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

• • •	
Personal precautions	: Evacuate personnel to safe areas.
	Use the indicated respiratory protection if the occupational
	exposure limit is exceeded and/or in case of product release
	(dust).
	Do not breathe vapours, aerosols.
	Refer to protective measures listed in sections 7 and 8.
	•

6.2 Environmental precautions

Environmental precautions	:	Do not allow contact with soil, surface or ground water. If the product contaminates rivers and lakes or drains inform
		respective authorities.

6.3 Methods and material for containment and cleaning up

Methods for cleaning up	:	Clean up promptly by sweeping or vacuum.
		Keep in suitable, closed containers for disposal.

6.4 Reference to other sections

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advice	on safe handling :	Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Wash hands and face before breaks and immediately after handling the product. Do not get in eyes or mouth or on skin. Do not get on skin or clothing. Do not get on skin or clothing. Do not ingest. Do not repack. These safety instructions also apply to empty packaging which may still contain product residues. Keep container closed when not in use.
Hygien	e measures :	Wash face, hands and any exposed skin thoroughly after handling.

7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage	:	Store in original container. Keep container closed when not in
areas and containers		use. Keep in a dry, cool and well-ventilated place. Containers

OKS 41	0		
VersionRevision Date:3.117.07.2023		Date of last issue: 09.02. Date of first issue: 11.06.	
		to prevent leakage.	nust be carefully resealed and kept upright Store in accordance with the particular . Keep in properly labelled containers.
•	f ic end use(s) ific use(s)	: Specific instructions	for handling, not required.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Occupational Exposure Limits

Components	CAS-No.	Value type (Form of exposure)	Control parameters	Basis

8.2 Exposure controls

Remarks

Engineering measures

Handle only in a place equipped with local exhaust (or other appropriate exhaust).

Personal protective equipment

Eye/face protection	:	Safety glasses with side-shields
Hand protection Material Break through time Protective index	:	Nitrile rubber > 10 min Class 1

: Wear protective gloves. The break through time depends amongst other things on the material, the thickness and the type of glove and therefore has to be measured for each case.

The selected protective gloves have to satisfy the

		specifications of Regulation (EU) 2016/425 and the stan EN 374 derived from it.	dard				
Skin and body protection		: Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and the specific work-place.					
Respiratory protection		: Not required; except in case of aerosol formation.					
Filter type		: Filter type P					
Protective measures		: The type of protective equipment must be selected according to the concentration and amount of the dangerous substat the specific workplace.					

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state	:	paste
Colour	:	black
Odour	:	characteristic
Odour Threshold	:	No data available
Melting point/range	:	No data available
Boiling point/boiling range	:	No data available
Flammability (solid, gas)	:	Combustible Solids
Upper explosion limit / Upper flammability limit	:	No data available
Lower explosion limit / Lower flammability limit	:	No data available
Flash point	:	Not applicable
Auto-ignition temperature	:	No data available
Decomposition temperature	:	No data available
рН	:	Not applicable substance/mixture is non-soluble (in water)

(Commission Regulation (EU) 2020/878)

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
