SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier		
Product name	:	OKS 416
1.2 Relevant identified uses of	the s	ubstance or mixture and uses advised against
Use of the Substance/Mixture	:	Grease
Recommended restrictions on use	:	Restricted to professional users.
1.3 Details of the supplier of the	e saf	ety data sheet
Company	:	OKS Spezialschmierstoffe GmbH Ganghoferstr. 47 D-82216 Maisach-Gernlinden Tel.: +49 8142 3051 500 Fax.: +49 8142 3051 599 info@oks-germany.com
E-mail address of person responsible for the SDS	:	mcm@oks-germany.com Material Compliance Management
National contact	:	
1.4 Emergency telephone num	oer	

1.4 Emergency telephone number

Emergency telephone	:	+34 91 562 04 20
number		

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

Version	Revision Date:	Date of last issue: 02.03.2022	Print Date:
1.5	07.06.2023	Date of first issue: 10.06.2016	07.06.2023

Additional Labelling

EUH210 Safety data sheet available on request.

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

SECTION 4: First aid measures

4.1 Description of first aid measures

If inhaled	 Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If breathing is irregular or stopped, administer artificial respiration. 	
In case of skin contact	: Remove contaminated clothing. If irritation develops, get medical attention. Wash off with soap and water.	
In case of eye contact	 Rinse immediately with plenty of water, also under the eyelids for at least 10 minutes. If eye irritation persists, consult a specialist. 	3,
If swallowed	: Move the victim to fresh air. Do not induce vomiting without medical advice. Obtain medical attention.	

4.2 Most important symptoms and effects, both acute and delayed

Symptoms	:	No information available.
Risks	:	None known.

Version	Revision Date:	Date of last issue: 02.03.2022	Print Date:
1.5	07.06.2023	Date of first issue: 10.06.2016	07.06.2023

4.3 Indication of any immediate medical attention and special treatment needed

Treatment

: No information available.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media	:	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
Unsuitable extinguishing media	:	High volume water jet

5.2 Special hazards arising from the substance or mixture

Hazardous combustion products	:	Carbon oxides Nitrogen oxides (NOx) Sulphur oxides
		Metal oxides

5.3 Advice for firefighters

Special protective equipment for firefighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. Exposure to decomposition products may be a hazard to health.
Further information	:	Standard procedure for chemical fires.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	 Evacuate personnel to safe areas. Use the indicated respiratory protection if the occupational exposure limit is exceeded and/or in case of product release (dust). Do not breathe vapours, aerosols. Refer to protective measures listed in sections 7 and 8.
	·

6.2 Environmental precautions

Environmental precautions : Try to prevent the material from entering drains or water courses. Local authorities should be advised if significant spillages cannot be contained.

Version	Revision Date:	Date of last issue: 02.03.2022	Print Date:
1.5	07.06.2023	Date of first issue: 10.06.2016	07.06.2023

6.3 Methods and material for containment and cleaning up

:

Methods for cleaning up

Clean up promptly by sweeping or vacuum. Keep in suitable, closed containers for disposal.

6.4 Reference to other sections

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advice on safe handling	 For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Wash hands and face before breaks and immediately after handling the product. 			
Hygiene measures	: Wash face, hands and any exposed skin thoroughly after handling.			
7.2 Conditions for safe storage, including any incompatibilities				

Requirements for storage areas and containers Store in original container. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store in accordance with the particular national regulations. Keep in properly labelled containers. 7.3 Specific end use(s)

Specific use(s) : Specific instructions for handling, not required.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Occupational Exposure Limits

Components	CAS-No.	Value type (Form of exposure)	Control parameters	Basis
White mineral oil (petroleum)	8042-47-5	VLA- EDEnvironmental Daily Limit Value (Mist)	5 mg/m3	ES VLA (2019-02-20)
		VLA- ECEnvironmental Short Term Value (Mist)	10 mg/m3	ES VLA (2019-02-20)

SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006 - ES (Commission Regulation (EU) 2020/878)

OKS 416
